The Register

Under Article 47 of the Fair Employment and Treatment (Northern Ireland) Order 1998 the Commission has a duty to keep a Register of those concerns employing more than 10 people in Northern Ireland and to make the information contained in the Register available for inspection by members of the public. The Register is available for use by the public in the Commission's office.

Under the legislation, public authorities as specified by the Office of the First Minister and the Deputy First Minister are automatically treated as registered with the Commission. All other employers have a duty to register if they have more than 10 employees working 16 hours or more per week.

Employers who meet the conditions for registration are given one month in which to apply for registration. This month begins from the end of the week in which the concern employed more than 10 employees in Northern Ireland. It is a criminal offence for such an employer not to apply for registration within this period.

Persons who become employers in relation to a registered concern are also under a legal duty to apply to have their name and address entered on the Register within one month of becoming such an employer. Again failure to apply is an offence.

When a concern applies for registration, it is entered on the Register. New concerns meeting the conditions for registration are

entered each month. The 2021 Register of Employers contains details of 3683 employers.

Once registered there is no further requirement to renew the registration unless, at some stage, the concern has been de-registered and subsequently meets the registration criteria.

All registered concerns and specified public authorities have further duties in relation to the monitoring of their workforces and applicants for employment, and review of their employment composition and practices.

The Commission may remove concerns from the Register if they appear to have ceased to exist. Employers may also apply to be removed from the Register if, at least one year after their application, they can show that their concern had less than 11 employees continuously throughout the previous 26 weeks. It is an offence for an employer to knowingly make a false statement in relation to such an application for de-registration.

Access to the Register

The Register can be downloaded from the Commission's website: www.equalityni.org and a copy is kept in the Commission's information service for consultation

Interested individuals and groups can also purchase the Register. Copies can be obtained from the following address at a cost of £5.00 (plus postage) from:

The Equality Commission for Northern Ireland
Equality House
7-9 Shaftesbury Square
Belfast BT2 7DP
Tel: (02890) 500600

The register is constructed from the information provided by the concerns which have applied for registration. The entry for each concern contains:

- name of concern
- address of concern
- date of entry in Register
- nature of business

This information relates to the concerns which are registered with the Commission as at 6 July 2021.

Public authorities, as specified by the Fair Employment (Specification of Public Authorities) (No.36) Order (Northern Ireland) 2016, are not required to apply for registration with the Commission. Instead they are deemed to be registered from their date of specification. (A list of specified bodies has been included in Appendix 1).

HOW TO USE THE REGISTER

The Register is in alphabetical order by name of concern. In constructing the listing the following rules were used.

1. **Personal names** – where the name of the concern is a surname preceded by initials or forename, e.g. JH Lunn (Jewellers) Ltd, Francis Dinsmore Ltd, the concern is always listed by surname followed by initials or forename.

i.e. Lunn JH (Jewellers) Ltd
Dinsmore Francis Ltd

2. **The** – in the case of concerns with names beginning with The, e.g. The Ulster Independent Clinic. “The” is always placed at the end of the name.

i.e. Ulster Independent Clinic, The

3. **&** - concerns with an initial followed by & go to the beginning of the listing for the initial letter, e.g. The first entry under B is B & E Electrics Ltd.

4. **Prefixes Mac/Mc** – concerns with these prefixes are treated strictly alphabetically. Names beginning Mac follow Ma.

5. **Prefix O'** – concerns with the prefix O', e.g. O'Neill, O'Kane can be found at the beginning of the listing for the letter O.

6. **Numeric Names** – concerns whose names begin with numbers, e.g. 3M Industrial Tapes Ltd appear at the end of the alphabetical listing.

The list should be read across the page, by row.

Specified Public Authorities
