FOR NORTHERN IRELAND

Public Authority Section 75 Equality Duties Summary of Annual Progress Reports 2015-16

Equality Commission for Northern Ireland March 2017

Introduction

Most public authorities operating in Northern Ireland are required to submit an equality scheme to the Equality Commission¹. This is a statement of the public authority's commitment to fulfilling its Section 75 statutory duties and the arrangements for ensuring that these duties are complied with.

Each equality scheme must outline the public authority's arrangements for:

- assessing its compliance with Section 75 statutory duties and for consulting on matters relevant to the duties
- assessing and consulting on the likely impact of policies adopted by the authority on the promotion of equality of opportunity
- monitoring any adverse impact of policies adopted on the promotion of equality of opportunity
- publishing the results of such assessments
- · training their staff
- ensuring and assessing public access to information and services provided by the public authority.

The Commission recommends that public authorities include a commitment to conducting an annual review of progress on the implementation of their equality scheme, including progress on the delivery of actions to promote equality of opportunity and good relations. A copy of the annual progress report template is at appendix 2.

A list of current designated public authorities is maintained by the Commission and is available at www.equalityni.org/S75duties.

¹A body is designated as a public authority by inclusion in certain statutory provisions as set out in the NI Act 1998 and listed in Appendix 1.

Summary of Annual Progress Reports 2015-2016

162 public authorities were designated as at 31 March 2016, of which 131 were due to submit an annual progress report. In total, 129 annual progress reports were submitted to the Commission, the majority of which were received by the end of August 2016. The Commission did however include any annual progress reports received up to February 2017.

Table 1. summarises the 162 public authorities into whether or not they were due to submit an annual progress report. The full list of the 162 designated public authorities (31 March 2016) is included in Appendix 3.

This report compiles the quantitative information provided by 129 public authorities in their individual annual progress reports for the period 2015 - 2016. The individual progress reports provide more detailed information on the progress of each public authority and should be available on public authority websites.

ⁱ **Outputs** – defined as act of producing, amount of something produced over a period, processes undertaken to implement the action measure e.g. Undertook 10 training sessions with 100 people at customer service level.

ⁱⁱ **Outcome / Impact** – what specifically and tangibly has changed in making progress towards the duties? What impact can directly be attributed to taking this action? Indicate the results of undertaking this action e.g. Evaluation indicating a tangible shift in attitudes before and after training.

^{***} National: Situations where people can influence policy at a high impact level e.g. Public Appointments

^{iv} Regional: Situations where people can influence policy decision making at a middle impact level

^v **Local :** Situations where people can influence policy decision making at lower impact level e.g. one off consultations, local fora.

vi Milestones – Please outline what part progress has been made towards the particular measures; even if full output or outcomes/ impact have not been achieved.
